

ShopWhereILive.com *integrations*

Shopify & Square

Businesses using a Shopify or Square web stores can have select products imported into our platform, bringing over product images, descriptions, options, and inventory. When a change is made on your web store, it will sync to our platform within 24 hours. When an order is placed on our platform, it will update inventory on your web store instantly.

Stripe or PayPal

We have two payment options for orders. Businesses can choose to get paid out via Stripe (2.9% + \$.30/order) or PayPal (2.9% + \$.55/order). Funds will be paid out to each business accordingly after their order is marked completed in the orders dashboard.

Google Analytics

Businesses have the availability to add Google Analytics tracking to their shops and monitor their store's traffic and product stats.

Twilio

Businesses can opt in to receive text notifications when orders are placed on our marketplaces.

Etsy & WooCommerce

We are able to import existing Etsy and WooCommerce products into our platform to get businesses onto the marketplaces quickly to start selling their products on our site. These product are not able to be synced at this time.
